Dear Parents,

**Re: Wearing of face masks in school grounds**

As-salaamu alaikom

I hope this letter finds you in best health and strong Imaan.

As you are aware we are continually reviewing and updating our risk assessment and sharing any new guidance with you. Therefore, given the increased concerns about our local area Covid rates, I am now asking parents to wear masks when collecting their child/ren at home time. We already ask for you to observe social distancing of 2 meters from other pupils and parents, and to remain in the playground only for as long as is necessary, but I hope that the additional precautions of wearing masks will minimise the risk of transmission still further and keep as many people in our community as safe as possible, which is our key priority.

Can I also remind you that if your child has any COVID symptoms - please refer to the numerous communications sent out and the national news - they must self-isolate and not come into school, seek a test as soon as possible and inform school of the result immediately.

We put our trust in Allah and ask Him for protection from harm.

Jazak'Allah khair for your understanding and support.

Wasalaam

Mrs D. Ghafari  
**Head Teacher**
