Dear Parents / Carers,

Re: Online Reading Programme – Reading Eggs for Reception & Year 6

Assalamu Alaikum

I hope this letter finds you in good health and strong Imaan.

As home learning continues, we are always looking for ways to extend our pupils' learning. So now, we are excited to offer a new online reading programme for our children, called Reading Eggs!

Children will have access to a multi-award-winning online reading programme, which is highly interactive and personalised to your child's learning journey. It will build your child's reading skill at their own pace on a fun and safe digital platform.

Children will have access to a huge variety of reading 'lessons' that will tackle and challenge each child at their own stage of learning. Each activity is easy to follow, self-paced, and highly engaging for young readers. Not only this, but they will also have access to a huge online library of over 2500 e-books, which will be allocated by teachers but also available for them to enjoy whenever they want. The library has books up to age 13. *Parents will need to oversee the books their children are reading (just like in the real library).*

To use Reading Eggs at home, children will need access to a desktop or tablet device and their log-in details. Please **keep an eye out in your child's Dojo/Tapestry page for these details to be sent from the class teacher at some point this week if they haven't been sent already.**

The children will be shown how to use Reading Eggs so please, for now, **only complete the tasks that have been set by the teacher at specific times.** When it is possible for children to access the platform at their leisure, your class teacher will inform you of this.

We hope you and your child enjoy this new, educational and enjoyable platform.

Jazak'Allah Khair

Wasaalam

Mrs D. Ghafari
(Head Teacher)
