**Summer 1  
2021**

## MATHEMATICS

### Number & Place Value

Find 1 more/less, 10 more/less than any 2-digit number; understand place value for 2-digit numbers and partition them into 10s and 1s.

### Addition & Subtraction

Use knowledge of number facts to add/subtract 1 digit numbers to and from 2-digit numbers; add/subtract 10 to and from 2-digit numbers.

### Measures

Compare weights and capacities, quantifying them using various units of measurements; record results and complete tables/block graphs.

### Fractions

Find doubles and halves of numbers to 20. Recognise halves and quarters of shapes and explore equivalent fractions.

### Money

Recognise value of coins; solve addition problems using coins and make equivalent amounts.

## SCIENCE

### Seasonal Changes (Spring & Summer)

Use a class weather station to observe, measure and record the weather in different seasons and make comparisons between them. Observe changes across the seasons by exploring signs of spring and summer through nature and wildlife. Learning will take place both indoors and outdoors with children working scientifically by observing, collecting, recording and interpreting data.

## ENGLISH

### Fiction

The children will explore a range of fiction books. They will read the stories and re-tell them in their own words. They will learn how to identify and understand character and events, linking these to their own lives and experiences. The children will later compose sentences and questions based on the stories.

*Texts in this unit: Mary and the Twelve Months (Sean Taylor & Bee Wiley), The Four Singers (Haydn Middleton).*

### Live

In this unit, the children are introduced to a traditional tale from India, *The Best of Friends*. Children will be able to describe characters, identify good storytelling techniques, and explore strategies for remembering a sequence of events. They will later compose and rehearse their own retelling of the story and eventually perform them in small groups.

### Grammar

Regular plural noun suffixes and the spelling rules for regular plural noun endings.

Revisit punctuation marks particularly in relation to spoken expression.

## COMPUTING

### Computer skills

Learn how to use a mouse/trackpad and launch applications, manipulate windows and open/save files. Know how to start and shut down a computer.

## HUMANITIES

### Geography – What will we see on our journey around the world?

Explore different world journeys - starting with the local area, then delving into coastal, rainforest, desert and city locations. Virtual and imagined journeys will be used to investigate similarities and contrasts. Children will name and locate the seven continents and five oceans, learn about human and physical geography, read maps, atlases and globes.

## ART

### Joan Miró

Explore the work of Joan Miró, and learn about his magical realist paintings, drawing on their own experiences to create dream-like pictures. Children will study printmaking with lots of different objects and materials to make their own exciting artworks.

## PSHE

### Diverse Britain

Identify how we can positively contribute to the groups and communities we belong to. Explore the notion of community, how to be good neighbours and looking after the environment. Learn about what it means to be British, diversity, and the importance of celebrating/respecting our differences.

## PE

### Running and Jumping

Learn to travel at different speeds by walking, jogging, running and sprinting, and develop an understanding of when these speeds are most useful. Explore different ways of jumping and apply these skills to jumping games and create jumping sequences. Learn the importance of landing steadily.

## ISLAMIC STUDIES

- Sawn, a special month,
- Fasting in Ramadan, Allah sent the Quran
- Eidul Fitr
- Patience/sabar
- 12 months of the Islamic calendar

## QURAN

**Memorisation:** Surah al-Qariah

**Revision:** all previous surahs including at-Takathur

**Reading:** Read and write words with Fathah, Dammah and Kasra in joined up form.
