Teaching Assistant: Mrs Qudratullah

Summer 1

2021

MATHEMATICS

Number & Place Value

Place value in decimals, including multiplying and dividing by 10 and 100.

Fractions

Multiplying and converting fractions; and on short and long multiplication of whole numbers.

Addition & Subtraction

Adding and subtracting numbers in the context of money and contextual problems.

Geometry

Plotting, reflecting and translating shapes on coordinate grids; and on extending understanding of properties of 2D and 3D shapes.

ART

This Ancient Egypt unit will teach your child about how to use a pencil, pen and charcoal, how to make clay models, model in paper and papier mache to create quality art work that shows progression in their skills. Your child will also have the opportunity to explore the work of Leger, Hockney and a photograph taken by Man Ray.

ENGLISH

Live Performance

The children are introduced to the main idea of the unit: that they will design a product for a younger child, based around a book, and pitch their idea to an audience (the buyer of the product, e.g. a teacher). As a class, they write a questionnaire to research the requirements for the product. They focus on the type of language required for their pitch as well as the skills needed to be a good presenter. After some teacher modelling, they write their own pitches and catalogue descriptions for their product

Poetry

The children explore narrative poems, focusing in depth on the work of two poets. They give personal responses to the poems and use performance skills to bring the patterns of the poems to life for an audience. They compare poems, clarify unfamiliar vocabulary and identify patterns of poetic language. They plan and write a prose story 'prequel' for a narrative poem, learning how to integrate dialogue.

Grammar

Relative Clauses
Spoken and Written Languages

SCIENCE & HUMANITIES

SCIENCE: Animals including Humans focuses on the changes that human beings experience as they develop to old age. Children will learn about the life cycle of a human being. They will investigate the development of babies and compare the gestation period of humans and other animals. The final investigation will be about the changes to the body as humans get older, as well as comparing the life expectancy of different animals.

HUMANITIES: We will be continuing with the topic 'Are we damaging our World?'

COMPUTING

Animation on Scratch - This half term we focus on improving our programming skills and computational thinking by revisiting Scratch. Students will take part in an online project and be able to learn about main programming constructs, as well as practice them using the block based visual programming language.

ISLAMIC STUDIES

- Improving Myself in Ramadan
- The Rules of Fasting
- Taraweeh Prayer and the Last Ten Nights
- How to Act during Eid Celebrations

URDU
