FAITH • LEARNING • LIFE

Class Teacher: Miss Khurshid
Teaching Assistant: Mrs Ismail

Summer 2
2021

MATHEMATICS

Addition & Subtraction

Record amounts of money using the £.p notation including amounts with no 10s or 1s; find more than one way to solve a money problem

Multiplication & Division

Count in 3s; write multiplications to go with arrays and use arrays to solve multiplication problems; understand that multiplication is commutative and that division and multiplication are inverse operations; solve divisions as multiplications with a missing number; count in 2s, 3s, 5s and 10s to solve divisions and solve multiplication problems in contexts

Measurement

Measure and estimate lengths in centimetres; tell the time involving multiples of 5 minutes past the hour and 5 minutes to the hour; tell time to 5 minutes; say the time 10 minutes later

Place Value

Recognise place value in 2-digit numbers, numbers between 100 and 200 and 3-digit numbers

ENGLISH

Non-Fiction

In this unit, the children explore the Big Question: What is the most unusual place in the world to live? They read the interactive eBook, finding information and exploring the layout of non-fiction texts. They use drama and improvisation to imagine living in unusual places. They answer the Big Question, planning and writing their own screen for the eBook.

Live

The children will stage and perform a play in front of an audience. They learn about the differences between a storybook and a play script and discuss what might make a play entertaining for an audience. The children learn about scenes, props, sound effects and how to write stage directions. They will learn how to write a scene for a play, and create an alternative ending that could be used in the final performance.

Grammar

Suffixes

Commas

SCIENCE

The Environment

The children will explore ecological changes that face the modern world. They'll undertake a range of activities that challenge them to engage with environmental issues and to understand simple changes we can make to live more sustainable lives.

PSHE

Rights Respecting

- know that people and other living things have rights and that everyone has responsibilities to protect those rights
- share their opinions on things that matter to them and explain their views through discussions with one other person and the whole class
- understand that they belong to different groups and communities, such as family and school

HUMANITIES

How has food changed over time?

The children will explore how the food eaten by people living in Britain has changed over the centuries. They will develop chronological understanding related to the history of food and understand how Britain has been influenced by the wider world.

COMPUTING

Microsoft Word and Power-Point: This half term students develop their Microsoft skills using Word and Power-Point. They will be developing further typing skills and be able to create own presentation.

ART

Sensational Salads

The children will learn about where foods come from, prepare salads and evaluate them.

ISLAMIC STUDIES

- Rebuilding the Kaaba
- Prophet Ibrahim
- Prophet Ismail
- Steps of Hajj
- Eid

PE

- Using co-ordination to throw and catch.
- Combining running with throwing and catching (small team games)

QURAN

Memorisation: Surah al-Layl

Revision: all previous surahs including ad-Duha

Reading: Reading practice continuation from page 38 of Qaidah onwards.
