1. Aims

Our school aims to:

- Have robust processes in place to ensure the online safety of pupils, staff, volunteers and trustees
- Deliver an effective approach to online safety, which empowers us to protect and educate the whole school community in its use of technology
- Establish clear mechanisms to identify, intervene and escalate an incident, where appropriate

The 4 key categories of risk

Our approach to online safety is based on addressing the following categories of risk:

- **Content** – being exposed to illegal, inappropriate or harmful content, such as pornography, fake news, racism, misogyny, self-harm, suicide, anti-Semitism, radicalisation and extremism
- **Contact** – being subjected to harmful online interaction with other users, such as peer-to-peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes
- **Conduct** – personal online behaviour that increases the likelihood of, or causes, harm, such as making, sending and receiving explicit images (e.g. consensual and non-consensual sharing of nudes and semi-nudes and/or pornography), sharing other explicit images and online bullying; and
- **Commerce** – risks such as online gambling, inappropriate advertising, phishing and/or financial scam

2. Legislation and guidance

This policy is based on the Department for Education's (DfE) statutory safeguarding guidance, [Keeping Children Safe in Education](#) (2019), and its advice for schools on:

- [Teaching online safety in schools](#)
- [Preventing and tackling bullying](#) and [cyber-bullying: advice for headteachers and school staff](#)
- [Relationships and sex education](#)
- [Searching, screening and confiscation](#)

It also refers to the Department's guidance on [protecting children from radicalisation](#).

It reflects existing legislation, including but not limited to the [Education Act 1996](#) (as amended), the [Education and Inspections Act 2006](#) and the [Equality Act 2010](#). In addition, it reflects the [Education Act 2011](#), which has given teachers stronger powers to tackle cyber-bullying by, if necessary, searching for and deleting inappropriate images or files on pupils' electronic devices where they believe there is a 'good reason' to do so.

The policy also takes into account the National Curriculum computing programmes of study.

3. Roles and responsibilities

3.1 The board of trustees

The board of trustees has overall responsibility for monitoring this policy and holding the head teacher to account for its implementation.

All trustees will:

- Ensure that they have read and understand this policy
- Agree and adhere to the terms on acceptable use of the school's ICT systems and the internet (appendix 3)

3.2 The head teacher

The head teacher is responsible for ensuring that staff understand this policy, and that it is being implemented consistently throughout the school.

3.3 The designated safeguarding lead

Details of the school's Senior DSL and deputy DSL are set out in our safeguarding and child protection policy

The DSL/ Head Teacher takes lead responsibility for online safety in school, in particular:

- Ensuring that staff understand this policy and that it is being implemented consistently throughout the school
- Working with the ICT manager, computing coordinator, computing teacher and other staff, as necessary, to address any online safety issues or incidents
- Ensuring that any online safety incidents are logged (see appendix 4) and dealt with appropriately in line with this policy
- Ensuring that any incidents of cyber-bullying are logged and dealt with appropriately in line with the school positive behaviour / anti-bullying policy
- Liaising with other agencies and/or external services if necessary

3.4 The ICT manager

The ICT manager is responsible for:

- Putting in place appropriate filtering and monitoring systems, which are updated on a regular basis and keep pupils safe from potentially harmful and inappropriate content and contact online while at school, including terrorist and extremist material
- Ensuring that the school's ICT systems are secure and protected against viruses and malware, and that such safety mechanisms are updated regularly
- Conducting a full security check and monitoring the school's ICT systems on a weekly basis
- Blocking access to potentially dangerous sites and, where possible, preventing the downloading of potentially dangerous files
- Ensuring that any online safety incidents are logged (see appendix 5) and dealt with appropriately in line with this policy
- Ensuring that any incidents of cyber-bullying are dealt with appropriately in line with the school behaviour/ anti-bullying policy

3.5 All staff and volunteers

All staff, including contractors and agency staff, and volunteers are responsible for:

- Maintaining an understanding of this policy
- Implementing this policy consistently
- Agreeing and adhering to the terms on acceptable use of the school's ICT systems and the internet (appendix 3), and ensuring that pupils follow the school's terms on acceptable use (appendices 1 and 2)
- Working with the DSL to ensure that any online safety incidents are logged (see appendix 5) and dealt with appropriately in line with this policy

- Ensuring that any incidents of cyber-bullying are dealt with appropriately in line with the school behaviour policy

3.6 Parents

Parents are expected to:

- Notify a member of staff or the head teacher of any concerns or queries regarding this policy
- Ensure their child has read, understood and agreed to the terms on acceptable use of the school's ICT systems and internet (appendices 1 and 2)

Parents can seek further guidance on keeping children safe online from the following organisations and websites:

- What are the issues? – [UK Safer Internet Centre](#)
- Hot topics – [Childnet International](#)
- Parent resource sheet – [Childnet International](#)
- Healthy relationships – [Disrespect Nobody](#)

3.7 Visitors and members of the community

Visitors and members of the community who use the school's ICT systems or internet will be made aware of this policy, when relevant, and expected to read and follow it. If appropriate, they will be expected to agree to the terms on acceptable use (appendix 3).

4. Educating pupils about online safety

Pupils will be taught about online safety as part of the curriculum:

In **Key Stage 1**, pupils will be taught to:

- Use technology safely and respectfully, keeping personal information private
- Identify where to go for help and support when they have concerns about content or contact on the internet or other online technologies

Pupils in **Key Stage 2** will be taught to:

- Use technology safely, respectfully and responsibly
- Recognise acceptable and unacceptable behaviour
- Identify a range of ways to report concerns about content and contact

By the **end of primary school**, pupils will know:

- That people sometimes behave differently online, including by pretending to be someone they are not.
- That the same principles apply to online relationships as to face-to-face relationships, including the importance of respect for others online including when we are anonymous
- The rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them
- How to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met
- How information and data is shared and used online
- How to respond safely and appropriately to adults they may encounter (in all contexts, including online) whom they do not know

The safe use of social media and the internet will also be covered in other subjects where relevant.

The school will use assemblies to raise pupils' awareness of the dangers that can be encountered online and may also invite speakers to talk to pupils about this.

5. Educating parents about online safety

The school will raise parents' awareness of internet safety in letters or other communications home and alert parents to the e-safety page on the MMPS website: <https://www.mmpps.miet.uk/parents/e-safety/>

This policy will also be shared with parents.

Online safety will also be covered during parents' inductions.

If parents have any queries or concerns in relation to online safety, these should be raised in the first instance with the head teacher / DSL.

Concerns or queries about this policy can be raised with any member of staff or the head teacher.

6. Cyber-bullying

6.1 Definition

Cyber-bullying takes place online, such as through social networking sites, messaging apps or gaming sites. Like other forms of bullying, it is the repetitive, intentional harming of one person or group by another person or group, where the relationship involves an imbalance of power. (See also the school behaviour policy.)

6.2 Preventing and addressing cyber-bullying

To help prevent cyber-bullying, we will ensure that pupils understand what it is and what to do if they become aware of it happening to them or others. We will ensure that pupils know how they can report any incidents and are encouraged to do so, including where they are a witness rather than the victim.

The school will actively discuss cyber-bullying with pupils, explaining the reasons why it occurs, the forms it may take and what the consequences can be.

Teaching staff are also encouraged to find opportunities to use aspects of the curriculum to cover cyber-bullying. This includes personal, social and health (PSHE) education, and other subjects where appropriate.

All staff, trustees and volunteers (where appropriate) receive training on cyber-bullying, its impact and ways to support pupils, as part of safeguarding training (see section 11 for more detail).

In relation to a specific incident of cyber-bullying, the school will follow the processes set out in the school behaviour and anti-bullying policy. Where illegal, inappropriate or harmful material has been spread among pupils, the school will use all reasonable endeavours to ensure the incident is contained.

The DSL will consider whether the incident should be reported to the police if it involves illegal material, and will work with external services if it is deemed necessary to do so.

6.3 Examining electronic devices

School staff have the specific power under the Education and Inspections Act 2006 (which has been increased by the Education Act 2011) to search for and, if necessary, delete inappropriate images or files on pupils' electronic devices, including mobile phones, iPads and other tablet devices, where they believe there is a 'good reason' to do so.

When deciding whether there is a good reason to examine or erase data or files on an electronic device, staff must reasonably suspect that the data or file in question has been, or could be, used to:

- Cause harm, and/or
- Disrupt teaching, and/or
- Break any of the school rules

If inappropriate material is found on the device, it is up to the staff member in conjunction with the DSL or other member of the senior leadership team to decide whether they should:

- Delete that material, or
- Retain it as evidence (of a criminal offence or a breach of school discipline), and/or
- Report it to the police

Any searching of pupils will be carried out in line with:

- The DfE's latest guidance on [screening, searching and confiscation](#)
- UKCIS guidance on [sharing nudes and semi-nudes: advice for education settings working with children and young people](#)

Any complaints about searching for or deleting inappropriate images or files on pupils' electronic devices will be dealt with through the school complaints procedure.

7. Acceptable use of the internet and email in school

All pupils, parents, staff, volunteers and governors are expected to sign an agreement regarding the acceptable use of the school's ICT systems and the internet (appendices 1-3). Visitors will be expected to read and agree to the school's terms on acceptable use if relevant.

Use of the school's internet must be for educational purposes only, or for the purpose of fulfilling the duties of an individual's role.

We will monitor the websites visited by pupils, staff, volunteers, governors and visitors (where relevant) to ensure they comply with the above.

- The school provides each member of staff, trustees and chair of the PTA with an email address. This email account should be used for school purposes only. Unless with the specific agreement of the head teacher.
- All work-related business should be conducted using the email address the school has provided.
- Staff must not share their personal email addresses with parents and pupils and must not send any work-related materials using their personal email account.
- Users must take care with the content of all email messages, as incorrect or improper statements can give rise to claims for discrimination, harassment, defamation, breach of confidentiality or breach of contract.
- Email messages are required to be disclosed in legal proceedings or in response to Subject Access Requests from individuals under the Data Protection Act 2018 in the same way as paper documents. Deletion from a user's inbox does not mean that an email cannot be recovered for the purposes of disclosure. All email messages should be treated as potentially retrievable therefore, do not write anything you would not want read by others.
- Staff must take extra care when sending sensitive or confidential information by email. Any attachments containing sensitive or confidential information, or the data of multiple individuals should be encrypted so that the information is only accessible by the intended recipient.

- If Users receive an email in error, the sender should be informed, and the email deleted. If the email contains sensitive or confidential information, the user must not make use of that information or disclose that information.
- If staff send an email in error which contains the personal information of another person, they must inform the head teacher immediately and follow our data breach procedure
- Private use of the internet may only take place outside of teaching hours (professional development activities are not deemed private). However, the school computers may not be used for the purpose of social networking.
- Receiving questionable material or chancing upon an undesirable website should notify the head teacher immediately.
- Keep personal details safe and do not give them out over the internet.
- Everyone should develop and maintaining knowledge of internet safety issues, particularly with regard to how they might affect children.

UNACCEPTABLE USE OF THE INTERNET

- It is not acceptable to access, transmit or create any offensive, obscene or indecent images, sounds, data or other material, as well as material that is defamatory, violent, abusive, racist, homophobic or that may cause needless anxiety.
- Bringing the name of the school into disrepute.
- Breach of confidentiality that result in information being inappropriately made available to others, including through social networking sites used from phones and home computers.
- Receipt or transmission of material that infringes the copyright of another person or infringes the conditions of the GDPR.
- Transmission of commercial or advertising material or access to gambling websites.
- Violate the Data Protection Act 2018 by deliberately corrupting or destroying other users' data or violating privacy of others.
- Disrupting the work of others or wasting the time of staff or other users.
- Do not upload a photo to your email profile.

This is not an exhaustive list. The school reserves the right to amend this list at any time. The head teacher will use their professional judgement to determine whether any act or behaviour not on the list above is considered unacceptable use of the school's ICT facilities. Staff who engage in any of the unacceptable activity listed above may face disciplinary action in line with the school's policies.

8. Staff and Pupils using mobile devices in school

- Staff must not give their personal phone numbers to parents or pupils.
- School phones must not be used for personal matters.
- If you record calls, callers **must** be made aware that the conversation is being recorded and the reasons for doing so.
- Mobile phones and personally owned devices may not be used in any way during lesson time unless permission is given by the head teacher. They should be switched off or silent at all times and stored securely out of sight of others. Where phones are used outside of lesson time such as at break time they must **not** be used in an area where there are pupils present. Suitable locations may be the staffroom or outside of the school site.
- No images or videos should be taken on mobile phones or personally owned devices. It is not permitted to take photos or videos of children on personal devices. Where photos are taken at staff social events, these should not be published without the express agreement of the people involved.
- Staff are not permitted to use their own mobile phones for contacting children or their families within or outside of the school in a professional capacity.
- Staff should never send to, or accept from anyone, texts or images that could be viewed as inappropriate or allow children to be 'friends' on social networking sites.

- All users with school emails should ensure their phones are protected with PIN codes in case of loss or theft.
- Staff should never store parents or pupil's telephone numbers on their mobile phone, as this allows the possibility of inappropriate contact. Where staff have friends, who are also parents a clear distinction should be made when in contact. Any matters raised about the school should be treated with care and referred to the appropriate person within school. Staff should take particular care when asked questions as these can be reported back to the school as "Mr/Mrs X said...."
- The taking of personal phone calls during work time should be kept to a reasonable minimum and should generally relate to emergency situations.
- Staff can give the school office number as an emergency contact number for dependents during the working day to minimise the need for checking mobile phones.

9. Staff using work devices outside school

Staff members using a work device outside school must not install any unauthorised software on the device and must not use the device in any way which would violate the school's terms of acceptable use, as set out in appendix 3.

Staff must ensure that their work device is secure and password-protected, and that they do not share their password with others. They must take all reasonable steps to ensure the security of their work device when using it outside school. Any USB devices containing data relating to the school must be encrypted.

If staff has any concerns over the security of their device, they must seek advice from the ICT manager.

Work devices must be used solely for work activities.

10. How the school will respond to issues of misuse

Where a pupil misuses the school's ICT systems or internet, we will follow the procedures set out in our policies on [behaviour and ICT and internet acceptable use]. The action taken will depend on the individual circumstances, nature and seriousness of the specific incident, and will be proportionate.

Where a staff member misuses the school's ICT systems or the internet, or misuses a personal device where the action constitutes misconduct, the matter will be dealt with in accordance with the [staff disciplinary procedures/staff code of conduct and employee handbook]. The action taken will depend on the individual circumstances, nature and seriousness of the specific incident.

The school will consider whether incidents which involve illegal activity or content, or otherwise serious incidents, should be reported to the police.

11. Training

All new staff members will receive training, as part of their induction, on safe internet use and online safeguarding issues including cyber-bullying and the risks of online radicalisation.

All staff members will receive refresher training at least once each academic year as part of safeguarding training, as well as relevant updates as required through emails and staff meetings.

The DSLs will undertake child protection and safeguarding training, which will include online safety, at least every 2 years. They will also update their knowledge and skills on the subject of online safety at regular intervals, and at least annually.

Trustees will receive training on safe internet use and online safeguarding issues as part of their safeguarding training.

Volunteers will receive appropriate training and updates, if applicable.

More information about safeguarding training is set out in our child protection and safeguarding policy.

12. Monitoring arrangements

The DSL logs behaviour and safeguarding issues related to online safety. An incident report log can be found in appendix 5.

13. Links with other policies

This online safety policy is linked to our:

- Child protection and safeguarding policy
- Positive Behaviour policy
- Anti-Bullying Policy
- Staff Code of Conduct
- Data protection policy and privacy notices
- Complaints procedure

ACCEPTABLE USE OF MMPS ICT SYSTEMS AND INTERNET: AGREEMENT FOR PUPILS AND PARENTS/CARERS

Name of pupil:

Year Group:

When I use the school's ICT systems (like computers) and get onto the internet in school I will:

- Ask a teacher or adult if I can do so before using them
- Only use websites that a teacher or adult has told me or allowed me to use
- Tell my teacher immediately if:
 - I click on a website by mistake
 - I receive messages from people I don't know
 - I find anything that may upset or harm me or my friends
- Use school computers for school work only
- Be kind to others and not upset or be rude to them
- Look after the school ICT equipment and tell a teacher straight away if something is broken or not working properly
- Only use the username and password I have been given
- Try my hardest to remember my username and password
- Never share my password with anyone, including my friends.
- Never give my personal information (my name, address or telephone numbers) to anyone without the permission of my teacher or parent/carer
- Save my work on the school network
- Check with my teacher before I print anything
- Log off or shut down a computer when I have finished using it

I agree that the school will monitor the websites I visit and that there will be consequences if I don't follow the rules.

Signed (pupil):

Date:

Parent/carer agreement: I agree that my child can use the school's ICT systems and internet when appropriately supervised by a member of school staff. I agree to the conditions set out above for pupils using the school's ICT systems and internet, and for using personal electronic devices in school, and will make sure my child understands these.

ACCEPTABLE USE OF THE SCHOOL'S ICT SYSTEMS AND INTERNET: AGREEMENT FOR PUPILS AND PARENTS/CARERS

Name of pupil:

Year Group:

I will read and follow the rules in the acceptable use agreement policy

When I use the school's ICT systems (like computers) and get onto the internet in school I will:

- Always use the school's ICT systems and the internet responsibly and for educational purposes only
- Only use them when a teacher is present, or with a teacher's permission
- Keep my username and passwords safe and not share these with others
- Keep my private information safe at all times and not give my name, address or telephone number to anyone without the permission of my teacher or parent/carer
- Tell a teacher (or sensible adult) immediately if I find any material which might upset, distress or harm me or others
- Always log off or shut down a computer when I'm finished working on it

I will not:

- Access any inappropriate websites including: social networking sites, chat rooms and gaming sites unless my teacher has expressly allowed this as part of a learning activity
- Open any attachments in emails, or follow any links in emails, without first checking with a teacher
- Use any inappropriate language when communicating online, including in emails
- Log in to the school's network using someone else's details
- Arrange to meet anyone offline without first consulting my parent/carer, or without adult supervision

If I bring a personal electronic device into school:

- I will not use it during lessons, clubs or other activities organised by the school, without a teacher's permission
- I will use it responsibly, and will not access any inappropriate websites or other inappropriate material or use inappropriate language when communicating online

I agree that the school will monitor the websites I visit and that there will be consequences if I don't follow the rules.

ACCEPTABLE USE OF THE SCHOOL'S ICT SYSTEMS AND INTERNET: AGREEMENT FOR STAFF, TRUSTEES, VOLUNTEERS AND VISITORS

Name:

Role:

When using the school's ICT systems and accessing the internet in school, or outside school on a work device (if applicable), I will not:

- Access, or attempt to access inappropriate material, including but not limited to material of a violent, criminal or pornographic nature (or create, share, link to or send such material)
- Use them in any way which could harm the school's reputation
- Access social networking sites or chat rooms
- Use any improper language when communicating online, including in emails or other messaging services
- Install any unauthorised software, or connect unauthorised hardware or devices to the school's network
- Share my password with others or log in to the school's network using someone else's details
- Take photographs of pupils without checking with teachers first
- Share confidential information about the school, its pupils or staff, or other members of the community
- Access, modify or share data I'm not authorised to access, modify or share
- Promote private businesses, unless that business is directly related to the school

I will only use the school's ICT systems and access the internet in school, or outside school on a work device, for educational purposes or for the purpose of fulfilling the duties of my role.

I agree that the school will monitor the websites I visit and my use of the school's ICT facilities and systems.

I will take all reasonable steps to ensure that work devices are secure and password-protected when using them outside school, and keep all data securely stored in accordance with this policy and the school's data protection policy.

I will let the designated safeguarding lead (DSL) and ICT manager know if a pupil informs me they have found any material which might upset, distress or harm them or others, and will also do so if I encounter any such material.

I will always use the school's ICT systems and internet responsibly, and ensure that pupils in my care do so too.

Child Friendly Acceptable Use Policy

1. Introduction

- 1.1 New technologies have become integral to the lives of children and young people in today's society, both within schools and in their lives outside school. The internet and other digital information and communications technologies are powerful tools, which open up new opportunities for everyone. These technologies can stimulate discussion, promote creativity and stimulate awareness of context to promote effective learning. Young people should have an entitlement to safe internet access at all times.
- 1.2 This Acceptable Use Policy (AUP) is intended to ensure:
 - that young people will be responsible users and stay safe while using the internet and other communications technologies for educational, personal and recreational use.
 - that school ICT systems and users are protected from accidental or deliberate misuse that could put the security of the systems and users at risk.
- 1.3 MMPS will try to ensure that pupils will have good access to ICT to enhance their learning and will, in return, expect the pupils to agree to be responsible user

Early Years and Key Stage 1 (0 - 7)

I know that I must use computers in a responsible way, to ensure that there is no risk to my safety or to the safety and security of the computer and other users.

For my own personal safety:

- I only use the internet when an adult is with me;
- I only click on links and buttons when I know what they do;
- I keep my personal information and passwords safe online;
- I only send messages online which are polite and friendly;
- I know the school can see what I am doing online;
- I know that if I do not follow the rules then:
 - The matter will be referred to the Phase leader
 - My parents/carers will be notified
 - I may be subject to a 'time-out' or supervised access
- I have read and talked about these rules with my parents/carers;
- I always tell an adult/teacher if something online makes me feel unhappy or worried;
- I can visit a number of internet sites to learn more about keeping safe online, such as:
 - [ThinkUKnow](#)
 - [CBBC Stay Safe](#)
 - [Kidsmart](#)
 - [Safety Net Kids](#)
 - [Safe Search](#)

Key Stage 2 (7 - 11)

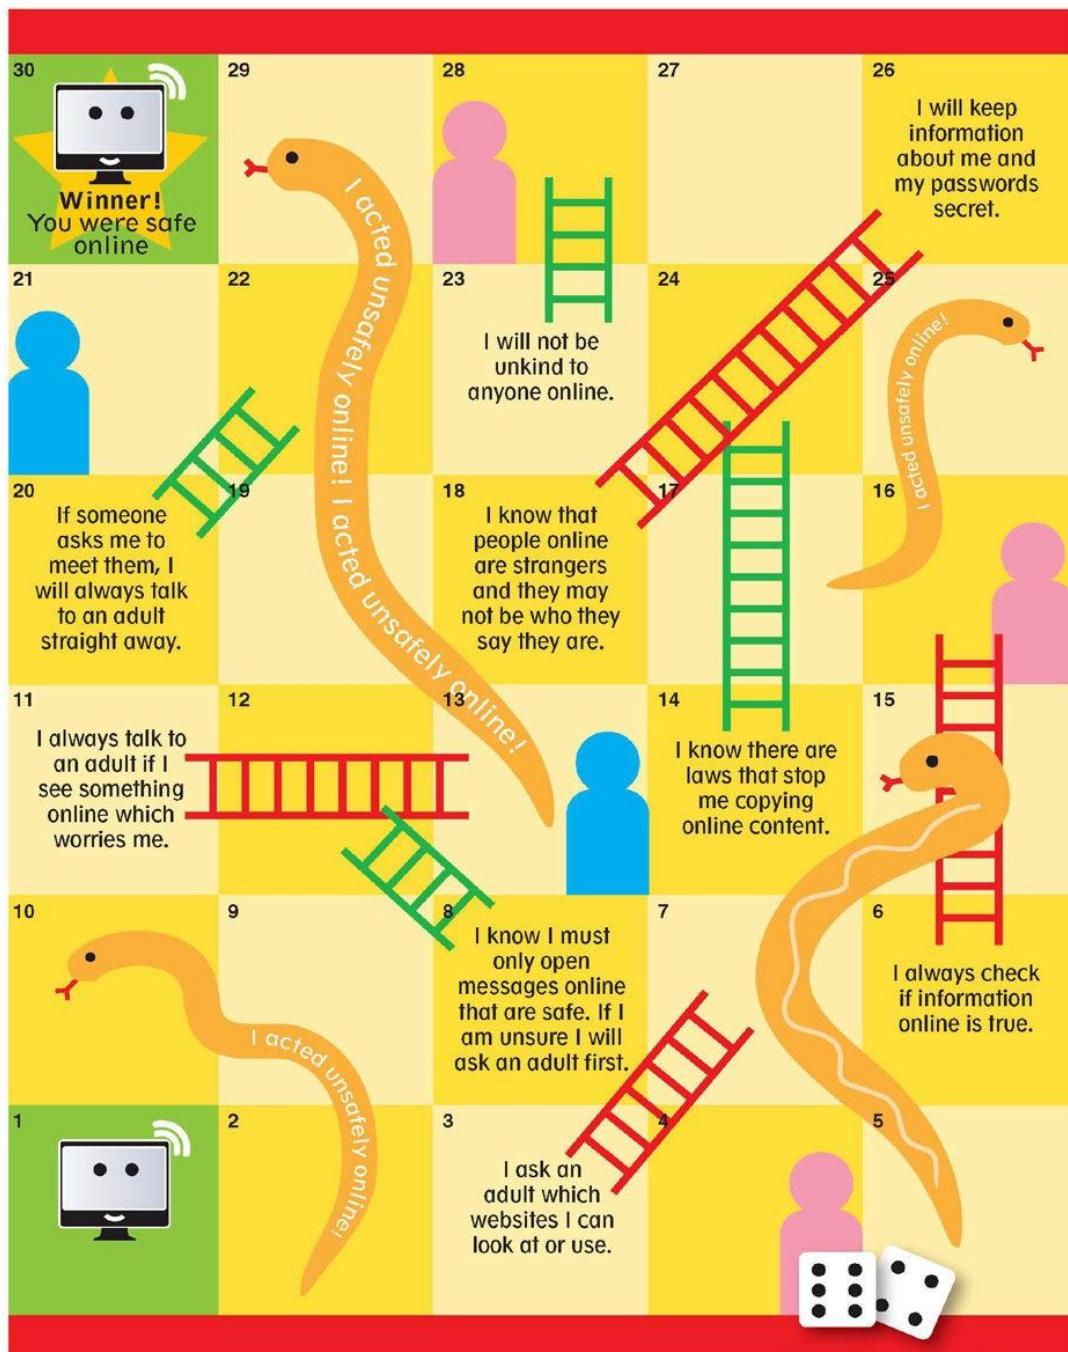

I know that I must use ICT systems in a responsible way, to ensure that there is no risk to my safety or to the safety and security of the ICT systems and other users.

For my own personal safety:

- I always ask permission from an adult before using the internet;
- I only use websites and search engines that my teacher has chosen;
- I use my school computers for school work unless I have permission otherwise;
- I ask my teacher before using my own personal device/mobile phone
- I know that not everything or everyone online is honest or truthful and will check content on other sources like other websites, books or with a trusted adult;
- I always credit the person or source that created any work, image or text I use;
- I only talk with and open messages from people I know and I only click on links if I know they are safe;
- I always talk to an adult if I'm not sure about something or if something happens online that makes me feel worried or frightened;
- I only send messages which are polite and friendly;
- I keep my personal information safe and private online;
- I will keep my passwords safe and not share them with anyone;
- I will not access or change other people's files or information;
- I will only post pictures or videos on the Internet if they are appropriate and if I have permission;

- I will only change the settings on the computer if a teacher/technician has allowed me to;
- I understand that the school's internet filter is there to protect me, and I will not try to bypass it;
- I know that people I meet online may not always be who they say they are. If someone online suggests meeting up, I will immediately talk to an adult;
- I know that my use of school computers and Internet access will be monitored;

- I know that if I do not follow the rules then:
 - The matter will be referred to the Phase leader
 - My parents/carers will be notified
 - I may be subject to a 'time-out' or supervised access
- If I see anything online that I shouldn't or that makes me feel worried or upset then I will minimise the page and tell an adult straight away
- I have read and talked about these rules with my parents/carers;
- If I am aware of anyone being unsafe with technology then I will report it to a teacher;
- I can visit www.thinkuknow.co.uk and www.childline.org.uk to learn more about keeping safe online.

STAY **SAFE**
