## MATHEMATICS

### Multiplication and Division

We will use what we have previously looked at to further develop our understanding of multiplication and division. Children will explore formal methods when multiplying and dividing a 2-digit number by a 1 digit number.

### Measurement: Money

Children will use their knowledge of place value and the four operations to count money in pence and pounds. They will also learn how to convert between pence and pounds, add/subtract money and learn how to give change.

### Statistics

In this unit, children will make tally charts to represent data. They will also draw and interpret pictograms, bar charts and tables. As well as this, children will be encouraged to solve one-step and two-step questions using information presented in scaled bar charts, pictograms and tables.

## ENGLISH

### Biography

In this unit, the children explore the Big Question: Was Tutankhamen killed? They will read the interactive eBook, retrieving and collating information and identifying evidence in the text to support their theories. They will investigate features of a biography and will be introduced to the perfect tense. In their writing tasks, they will write their own biography about Tutankhamen, focusing on the big question, whilst incorporating a range of grammatical features.

### Fiction

The children start by listening to Ottoline and the Yellow Cat, asking and answering questions and making predictions. They focus on the characters' thoughts and feelings, and on the features of mystery stories. They will revise their knowledge of different types of sentence and clauses. They will then write a short diary entry, revising some grammar features covered previously.

### Grammar

Through our writing, we will revise key grammatical terms such as using the possessive apostrophe, conjunctions for time and cause, choosing nouns/pronouns for clarity and using fronted adverbials with commas.

## COMPUTING

### Digital games and Debugging -

Students will be using available online games to look for errors and develop further their computational thinking skills.

## ART

In this Unit, children will create Art pieces inspired by their Ancient Egyptian topic. They will revise the use of oil pastels and how blending techniques can be used to create varied effects. They will also think about how to use design criteria to plan a design and evaluate their design throughout the making process. They will also evaluate their final pieces of work and make suggestions for improving their methods.

## SCIENCE & HUMANITIES

In Science, our 'Animals including humans' unit will teach the importance of the right type and amount of nutrition. Children will understand that plants and animals obtain food in different ways. In addition, they will identify the right types of nutrition and demonstrate that they understand the right amounts of nutrients for animals including humans. They will also explore the importance of the skeleton and muscles in our bodies, discussing the function of both.

In our humanities unit, the children will explore who the Ancient Egyptians were, what they did and discuss whether Ancient Egypt deserves its reputation as one of the most important early civilisations. They will compare and contrast Ancient Egypt with other civilisations, thinking critically about reasons for these similarities and differences. In addition, they will discuss how we can use various sources to make deductions about Ancient Egyptian life.

## ISLAMIC STUDIES

**Seerah:** Review Events Before Prophethood

**Seerah:** The First Revelation

**Seerah:** Secret Preaching: The First Believers

**Seerah:** Open Preaching: Persecution

**Seerah:** First Migration to Abyssinia

**Seerah:** Conversion of Hamza and Omar

**Seerah:** The Boycott

## PSHE

This unit, entitled 'It's My Body', explores the choices children can make about looking after their bodies. The lessons look at making healthier choices about their bodies, sleep, exercise, diet and cleanliness. Children will learn facts about each of these areas and learn strategies on how to manage them.

## QURAN

**Memorisation:** Surah ash-Shams

**Revision:** From al-Layl to an-Naas

**Reading:** Read from Qaidah books based on individual reading levels or from the Quran based on initial and continued assessment.
