

Year 5

Topic List

MANCHESTER
MUSLIM
PREPARATORY
SCHOOL
FAITH • LEARNING • LIFE

Class Teacher: Mrs Benashur

Teaching Assistant: Mrs Taash

**Theme:
Our Planet Earth**

**Spring 1
2022**

ENGLISH

The children will be looking at a book relating to the rainforest topic called 'Orange's in No Man's Land'. The children will look at how to write a character description and a setting description. They will then move on to writing a flashback using expanded noun phrases and relative clauses. The children will end the unit by writing an autobiography as one of the main characters in the story (Ayesha or Samar) using adverbials, time conjunctions and practicing to write in first person.

D&T

This Global Foods unit will allow the children to discover exciting and diverse choices of food available around the world. The first part of the unit will provide and opportunities for children to learn where in the world a variety of ingredients flourish. They will look at the idea of the 'eatwell plate' to identify food groups and develop a deeper understanding of cooking techniques. They will apply these skills when making traditional dishes from different countries.

MATHS

In Year 5 Multiplication and Division, children build upon and extend their use of the formal written methods, multiplying four-digit numbers by two-digit numbers and dividing numbers up to four-digits by one-digit numbers. They express remainders as whole numbers, fractions and decimals and choose from these in order to answer questions appropriately when solving problems. The children use their multiplication tables facts to help them to solve larger calculations and understand the terms factor, multiple and prime, square and cube numbers. Children use the equals sign to indicate equivalence and multiply and divide by 10, 100 and 1000 with increasing confidence, including calculations which involve decimals.

QURAN

Memorisation: Surah at-Takwir

Revision: From al-Infitar to an-Naas

Reading: Read from the Quran based on individual continued assessment.

SCIENCE & HUMANITIES

This Earth and Space unit is the only Astronomy related science unit in the primary science curriculum. The aim is to give children a basic overview of Earth and its place in our Solar System.

Humanities:

Where should we go on Holiday? We will learn about the Alpine region of Europe, how the Alps were formed and how homes are adapted to the climate. We will create a storyboard or digital book on mountain formation, design a sustainable eco-resort and produce literature for visitors to the area using geographical vocabulary. The unit builds on previous work the children may have done investigating their local area and other regions of the UK earlier.

COMPUTING

Animation on Scratch

This half term we focus on improving our programming skills and computational thinking by revisiting Scratch. Students will take part in an online project and be able to learn about main programming construct, as well as practice them using the block based visual programming language.

ISLAMIC STUDIES

Seerah: The Battle of Badr (Victory of the Oppressed)

Seerah: The Battle of Uhud (Disobedience)

Seerah: The Battle of Ahzab (Allah Alone Grants Victory)

الصفات -فعل الأمر .

PSHE

This unit is inspired by the idea that Britain represents a wide range of faiths and ethnicities and that the structures within it are there to support all. It aims to enable the children to identify how they can make a positive contribution to the community. In this unit, children learn about the law and the consequences of not respecting it. They will also learn about the workings of local and national government and the role of charities and voluntary groups in British society.
