NOTE FROM HEAD TEACHER

Dear Parents / Carers,
As-salaamu alaikom.

Lots of workshops going on this week! On Tuesday, as part of our Science Week, KS2 pupils attended a STEM Lego workshop and it was fantastic seeing all our pupils so absorbed in constructing!

On Wednesday, our EYFS pupils had balance bike sessions and it is fair to say that they all thoroughly enjoyed it and grew more confident with every push. Talking about 'push', please support our continued 'push' for punctuality. We still have too many pupils arriving late and I dream of the day when none of our pupils have to access the building via the front door because they are late. **Come on EVERYONE We CAN do this, right?**

Wasalaam,
Mrs Ghafori

The Right of the Fortnight

Article 13

Every child has the right to say what they think and receive all kinds of information.

HADITH OF THE WEEK

The Prophet (saw) said:
"Kindness is the mark of faith, and whoever is not kind has no faith."
(Muslim)

SCIENCE WEEK AND OTHER HIGHLIGHTS

It was STEM day on Tuesday. KS2 enjoyed an interactive Lego Workshop, using Lego to problem solve as a team.

In the afternoon they explored the densities of different liquids.

In History, Year 1 have been looking at household objects from the past and worked in groups to guess what they were used for.

IBN AL HAYTHAM DAY

Pupils discovered the amazing contributions of this 9th Century scientist, to our understanding of how we see.

Nursery and Reception had a delightful morning being taught to ride a balance bike and perform tricks by real life cycling Olympian, Phil Bateman
