

Year 5

# Topic List

MANCHESTER  
MUSLIM  
PREPARATORY  
SCHOOL  
FAITH • LEARNING • LIFE

**Class Teacher:** Mrs Benashur

**Teaching Assistant:** Ms Qudratullah

**Theme:  
Explorers**

**Summer 1 2022**

## ENGLISH

In this unit, the children explore the Big Question: *What makes someone a great explorer?*

They read the interactive eBook, and use other sources, to research challenges faced by explorers. They understand and explain different viewpoints. They look for evidence about what qualities successful explorers would need. They recap features of report texts and write an advert using persuasive language. They answer the Big Question, planning and writing a handbook for a new junior explorer.

## D&T

In this unit of work, children will learn about how to take care of their bodies. This will involve learning about consent and autonomy, learning about body image and stereotypes and learning about substances which are harmful to our bodies. Children will also learn about the importance of sleep, exercise and hygiene. Lessons will explore the things that influence the way people think about their bodies, where different pressures can come from and how these pressures can be resisted.

## MATHS

### Decimals and Percentages:

Children learn that both proper fractions and decimals can be used to represent values between whole numbers.

Rounding builds on earlier work on place value and explores different contexts, including measures.

## ART

William Morris

The children learn to identify William Morris (and hopefully some other significant artists with plenty of resources to support this). Children then make their own print, refine and develop it and finally create a finished piece. Making the lesson resources for identifying different artists took ages so hopefully someone else will find it useful/save them some time!

## QURAN

**Memorisation:** complete Surah Abasa

**Revision:** From at-Takwir to an-Naas

**Reading:** Read from the Quran based on individual continued assessment.

## Science

## SCIENCE & HUMANITIES

We will continue the 'Forces' unit which will teach your child about types of forces such as gravity, friction, water resistance and air resistance. Children will also learn about the use of mechanisms such as levers, gears and pulleys. The children will identify forces and find out about Isaac Newton and his discoveries about gravity, completing a comprehension about his life and his work. The children will look for patterns and links between the mass and weight of objects, using newton meters to measure the force of gravity.

### Humanities:

Children will find out about the regions of the United Kingdom and discover how some of these areas have changed over time. They will research specific areas of the UK and how they have been by change. In addition, they will conduct a research activity on their own area and presenting this in an interesting way.

## COMPUTING

the Bebras Computing Challenge : pupils will take part in the Bebras computing challenge Juniors that introduces computational thinking to pupils. Bebras Computing Challenge was designed to get students excited about Computing. Each student answers questions that focus on computational and logical thinking.

## URDU

### TOPIC...HOMES/KITCHEN

Comprehension activities related to the topic. Past/present tense, forming questions, singular/plural, describing pictures.

ا ب پ ٹ ت ث ج چ ح خ د ذ  
ڈ ر ز ژ س ش ص ض ط ظ ع  
غ ف ق ک گ ل م ن و ہ ی ے

## PSHE

This unit is inspired by the idea that we are all individuals and that it is important to 'be yourself'. It aims to encourage the children to develop a positive view of themselves and enable them to recognise the importance of being proud of their individuality. In this unit, children focus on the importance of recognising situations where they need to make positive choices in order to do the right thing. They also explore how to avoid being led into tricky situations and how to recognise and respond to peer pressure. The unit ends by helping the children to investigate how to make things right when they make a mistake.

## ISLAMIC STUDIES

Akhlaq: Etiquette of Eid Prayer and Celebration

Akhlaq: Etiquette on the Streets

Akhlaq: The Merciful Heart

## PE

Improving skills in cricket – including batting and fielding skills.
