MATHEMATICS

MMPS Consolidation Bakery Project

We will look back and study many of the skills and curriculum content covered both in Year 6 and the rest of Key Stage 2 in more detail now.

Children will have the opportunity to ensure any possible gaps in understanding are addressed before they move on to secondary school.

The bakery project has been designed to explore maths in real life contexts, to see how important maths is in all aspects of life.

As well as this, there will be cross-curricular links where appropriate, for example, developing design and technology skills and geographical knowledge. There will also be a great opportunity to explore and develop enterprise.

The key areas covered in our first project will be: using all four operations mentally and with written methods; conversions, area, and perimeter of packaging; and shapes including their nets. We will also discuss profit and loss.

ENGLISH

Comprehension Revision

Key comprehension techniques such as inference and information retrieval will be revised. They will look at the effect of author's choice of language, structure of texts and find evidence to support their opinions. Each lesson will focus on a different skill and a different text studied during the year.

Non-Fiction: Blood

The children will use evidence they find in an eBook and their Science unit, to answer the big question: 'What is blood for?'. They will use the presentational and grammatical features they learn to plan and write their own eBook screen.

Grammar

There will continue to be a revision of different types of clauses and using advanced punctuation such as semi-colons and colons. We will ensure we remember different tenses, adverbials, and key terminology.

SCIENCE & HUMANITIES

Science: We will continue this '**Animals including Humans**' unit, the children will build on their current knowledge and understand the different systems within the body in more detail. They will focus on **how nutrients are transported** around the human body and how a **healthy lifestyle supports the body** to function. They will finish with looking at how different types of drugs can affect the body.

Humanities: We will continue to explore the question, "**Why should we remember the Maya?**" The children will recap their timeline in History and where they lived. They will research the Maya's ancient beliefs, rituals, and number systems and analyse historical pictures of Artefacts discovered. Finally, they will find about why most of this world 'disappeared' and the significance of their discoveries on our society today.

COMPUTING

The Bebras Computing Challenge : pupils will take part in the Bebras computing challenge Juniors that introduces computational thinking to pupils. Bebras Computing Challenge was designed to get students excited about Computing. Each student answers questions that focus on computational and logical thinking.

URDU

TOPIC...HOMES/KITCHEN

Comprehension activities related to the topic. Past, present and future tense, forming questions, singular/plural, describing pictures.

P.E

Improving skills in cricket – including batting and fielding skills.

To understand the basic rules of cricket.

PSHE / RS

PSHE: Respecting Rights

The children will learn about how we **can all make choices to live as rights respecting citizens**. We will look at the human rights charters and explore the idea of equality and discrimination, and the consequences of both.

RS: Right and Wrong

The children will learn about the 'golden rules' in all major faiths and then explore how their sense of right and wrong can change with circumstances.

D&T

Ancient Greeks

Children will have the opportunity to discover the ancient world of Greece but through art; specifically, clay pots.

They will learn how to use pencil, pen, and charcoal to create interesting sketching affects in the style of different artists. They will finish by creating a clay pot and paint it with an importance scene from their life.

ISLAMIC STUDIES

Akhlaq: What Happens After Ramadan?

Hadith: The Ease of Islam

Adab: Manners of Supplication (Du'a)

QURAN

Memorisation: Finish surah an-Naba, individual target memorisation

Revision: From an-Naziat to an-Naas

Reading: Read from the Quran based on individual continued assessment.
